

# JEYHUN ABILOV

## SOFTWARE ENGINEER | FRONTEND DEVELOPER

[Baku, Azerbaijan](#) | [+994 51 454 86 38](#) | [abilovv599@gmail.com](mailto:abilovv599@gmail.com)

[Portfolio Website](#) | [LinkedIn Profile](#) | [GitHub Profile](#)

Software Engineer specializing in Web Development. Proficient in building robust and scalable web applications, managing the full development cycle from conception to deployment, while following the latest industry standards. Known for rapid development, producing high-quality code, and maintaining a strong enthusiasm for continuous learning. Demonstrated ability to deliver projects on time with meticulous attention to detail and a commitment to excellence. Additionally, I have built and published my own packages on npm, showcasing my initiative and expertise in creating reusable, high-quality components for the developer community.

## TECHNICAL SKILLS

---

**Frontend** | HTML, CSS, SASS (SCSS), Tailwind CSS, JavaScript, TypeScript, React.js, Next.js, Redux.js, (Vue.js, Nuxt.js basics)

Tamerlan Rustambayli – Development Team Lead (+99470 811 79 00)

**Software Engineer | [Kapital Bank](#) | Internship | Baku, Azerbaijan**

April 2024 – July 2024

- Develop Monitoring Dashboard for QA Core Team with React.js and Apex charts

**References:**

Ulviyya Jabbarli – QA Automation Engineer

Elmin Hajiyev – QA Chapter Lead

**Frontend Developer | [Agamira](#) | Kyiv, Ukraine (Remote)**

August 2023 – March 2024

**Projects:**

Maintainer of Agamira website

Maintainer of Vision Lander (AI integrated website builder)

- Building easily customizable and AI integrated UI with React.js for building easily maintainable and reusable components

**Frontend Developer | [National Aerospace Agency \(NASA\) of Azerbaijan Republic](#) | Internship | Baku, Azerbaijan**

March 2023 – May 2023

- Developed interactive user interfaces using React.js and SCSS
- Utilized the ArcGIS library to display and manipulate satellite imagery for GIS applications
- Created interactive map features such as drawing tools and layer comparisons using ArcGIS

**Frontend Developer | Lider Advertising | Internship | Baku, Azerbaijan**

November 2022 – January 2023

**Project:** Worked on Rahat Bina Dashboard (rahatbina.az)

- Developed interactive user interfaces using jQuery and CSS
- Designed and implemented responsive web pages and user-friendly interfaces
- Integrated various APIs to connect frontend components with backend services

## PROJECTS | FREELANCE

---

**Frontend Developer | [Sal10.az](#) (Gift card platform)**

- Develop from scratch and optimize frontend components using Laravel's Blade templating engine
- Enhance user experience through intuitive UI design and responsive web development practices using Tailwind CSS
- Implemented performance optimizations, resulting in improved page load times and overall application efficiency

**Frontend Developer | Noharm | ECO Friendly Startup | USA (Remote)**

- Building interactive and user-friendly UI with modern tools such as React.js, Tailwind CSS, Framer Motion

Zaur Aliyev – Frontend Team Lead & CTO

## EDUCATION

---

**[Azerbaijan State University of Economics \(UNEC\)](#)**

**Master of Science, Computer Engineering**

September 2023 – June 2025 (Expected)

**[Azerbaijan Technical University \(AzTU\)](#)**

**Bachelor of Science, Computer Engineering**

September 2019 – February 2023

## HONORS AND AWARDS

---

[ABB Tech Academy - Advanced Full Stack Development Course Completion with Honors | November 2023](#)

[Technest](#) - 100% Scholarship (1450 USD) for Advanced Full Stack Development Course at ABB Tech Academy | May 2023

[Code Academy - Software Development Honor Diploma Recipient with 93 GPA | February 2023](#)

Ministry of Education - 100% Scholarship for Software Development Bootcamp at Code Academy | September 2022

## LANGUAGES

---

**Fluent** | Azerbaijani (C2 - Native), Russian (C2 - Bilingual)

**Intermediate** | English (B2)
